

Olympics, Roads Subject Of Talks At Joint Meeting

Macker, Johnson Talk At
Meeting of Region's
Service Clubs

The best available engineers and planners, augmented by international winter Olympic experts will be engaged in designing facilities for the 1960 winter Olympic games at Squaw Valley, and actual construction will not start until these plans have been approved as the best possible to obtain.

This assurance was given 125 members of the service clubs and chambers of commerce and their guests at a joint meeting arranged by Program Chairman E. V. O'Rourke and held at the cafeteria of the high school last night, by P. K. Macker, executive secretary of the California Olympic Commission.

Macker shared honors as guest speaker with Senator Harold T. Johnson of Roseville.

Both men were enthusiastic over the prospects for the games and both pointed out the many and varied benefits which will result if the plans are followed.

Johnson, after an interesting talk on the Olympics spoke briefly on the highway situation and declared he would continue to work toward obtaining an adequate road at Emerald Bay on State Route 89 and improvement of the same route between Tahoe and Truckee. He deplored the fact that recent legislative action prevented early construction of the Emerald Bay bridge, and called it one of the most controversial issues he has encountered.

Macker outlined tentative plans for the games and called upon the service clubs to get behind the program. He was high in his praise for the uncompensated work by the commission, planning committee and others responsible for the project.

Floyd Carnell, the president of the Truckee Lions Club, host on the occasion, presided. High school girls, under the direction of Miss Thelma Finger, served the excellent meal prepared by Reg Smart. During the evening, vocal selections by James Pringle, accompanied by Hugh Smith, were enjoyed. Walter Barrett, member of the California Olympic Commission, introduced the speakers.

TRUCKEE MAN NAMED IN DAMAGE ACTION

Theodore Ralph Hawkins has been named defendant in a \$125,000 damage action filed in the district court at Reno as the result of an automobile accident on November 13, 1955.

The complaint was filed by John F. and Cherie Tate, who said the accident occurred in Sparks. The plaintiffs said they suffered severe injuries.

ALL GATES CLOSED AS LAKE LEVEL UP

TAHOE CITY—Although more than 13 inches of new snow fell at Tahoe City last week, the weather resumed its warm spring-like temperature and Monday the new snow was gone and only 26 inches of pack remained on the ground. Precipitation for the week totaled .97 of an inch.

The lake level Monday stood at 6227.24 feet and all gates were closed.

MASS SCHEDULE FOR CHURCH IS CHANGED

Sunday Mass schedules for the Catholic Churches in this district have been changed this week. Father Patrick O'Neill of Assumption Church announced to be at 8 A.M. at Soda Springs; Truckee, 9:30 A.M.; Tahoe City, 9:30 A.M., Kings Beach, 11 A.M.

PROMINENT BAY AREA MAN EXPIRES HERE

The body of George Stimmel, Jr., 32, member of a prominent San Francisco family, who died suddenly while on a weekend ski outing to Squaw Valley, was taken to the bay city Sunday by the Truckee Colonial Mortuary.

Stimmel was stricken and rushed to the Tahoe Forest Hospital but was pronounced dead on arrival. He suffered a heart attack.

KATHY BRAASCH IS HONORED AT PARTY

Kathy, 7 year-old daughter of Mr. and Mrs. Lester Braasch was honored April 11 at a party given in the couple's Gateway Park home.

After games and the opening of gifts by the young honoree, refreshments were served to the following guests: Liane Kay, Karen Hedlund, Gail Englehart, Anne Morey, Sue Olano, Sherry Borden, Janice and Jimmy Roth, Ronnie Walker, Bruce King, Mrs. Ralph Bretthauer and son, Kenny and Leilani Braasch.

Truckee May Have Baseball Club As Plan Is Formulated

With the rapid approach of the summer, plans are underway for the organization of a Truckee baseball team to be sponsored by the Truckee Athletic Club.

While no details have been worked out, Al Wakefield, chairman of the baseball committee of the TAC, said he has talked with a score of prospective players and most of them are anxious to get started.

It is still too early for practice in this immediate vicinity because of the snow, but if plans work out, it is hoped to have the ball field in shape before long and a team ready to start practice.

The club is handicapped by lack of funds to get started, but the amount required will not be too large, Wakefield said, since there are sufficient uniforms and the work on the diamond can be done through volunteer labor.

There is a possibility, Wakefield said, that a local team, if it desires, can affiliate with a small league being formed in Nevada with teams comparable to the locals.

Anyone interested may contact Wakefield.

Man Killed Trying To Repair Bay Road

Jonathan Ford, 44, Fair Oaks, was fatally injured Wednesday morning when a caterpillar he was operating for the Parker Construction Company, attempting to repair damage at the Emerald Bay road slide, rolled down the steep embankment, crushing the driver to death.

Rescue crews were called and the body was removed from the debris and snow and taken to Placerville.

SPORTSMEN TO NAME OFFICERS ON MAY 11

Officers for the Truckee Outdoor Sportsmen will be nominated at the meeting May 11, it was announced at the session held last Friday at Capitol Hall. Jack Waggoner presided.

The delegation which appeared before the state fish and game commission two weeks ago in an unfruitful move to have the commission rescind its action in closing seven miles of the Truckee river, reported on the results of the session. No official action could be taken but sportsmen agreed that everything has been done that can be done and are now making plans to enter protests against continued closing next year.

MOTHER OF LOCAL MAN DIES IN NORTH

Cecil Edmunds, manager of the Truckee Public Utility District, returned home Sunday after attending funeral services at Victoria, B. C., for his mother, Mrs. Elizabeth Keast, who expired in that city April 9th at the age of 90.

A native of Australia, Mrs. Keast had for many years made her home in Victoria and was in good health until last fall.

The deceased is survived by her only son, four grandchildren and six great-grandchildren.

Mrs. John Fitzgerald of Fresno accompanied her father on the plane to and from the services.

McLANES PARENTS OF INFANT DAUGHTER

Mr. and Mrs. Victor McLane became parents of their fifth child and second daughter on Wednesday, April 18th, who arrived at Tahoe Forest Hospital.

Heather Mae weighed a round 8 pounds, 8 ounces at birth. Dr. Ben King was the attending physician.

TRUCKEE BOY HAS OPERATION IN RENO

George Kenyon, Jr., 15-year-old son of Mr. and Mrs. George Kenyon underwent a second operation at Washoe Hospital in Reno on Monday, following a ruptured appendix which occurred three weeks ago.

Young Kenyon, a local high school student would like to have messages from his friends. His condition is said to be improving.

Public Schools To Be Displayed At Program April 24

Program Planned To Show
Progress In District's
Schools

Public Schools Week will be observed at Tahoe-Truckee High School, Tuesday, April 24th with a program planned to begin at 7:30 p.m. This annual open house event will include student speaking, a one act drama by the drama class, band music by the junior band, and refreshments served by the P.T.A.

At 7:30 the entire school will be open for visiting in class rooms, the library and other areas.

At 8 o'clock a program will be held in the cafeteria. The first part of the program will be three student speakers who will talk on varied subjects. Jude Commagere, Tahoe City, will tell "What a High School Education Means to Me". Gary Anderson also of Tahoe City, will speak on "Today's Outlook" and Bob Williams of Lake Forest will talk on "Sun Spots".

Following the speaking will be a one act play, Minor Miracle, by Vern Powers. The cast of Jerry Browne, Kings Beach; Scott Gilmore, Kings Beach; Kit Schull, Norden; and Harry Woodward, Truckee, will enact a drama of men adrift on the sea and the conflicts that they meet as they are faced with death.

The concluding presentation will be selections by the Tahoe-Truckee High School junior band. Under student direction, this band of thirty-five pieces will present Choral by H. K. Oliver and Thunder March by John Phillip Sousa. This will be the first public appearance of the junior band.

At 9 p.m. the P.T.A. will serve refreshments. This Public Schools Week presentation is another opportunity for the community to enjoy its school and to see the activities of its students.

The schools of the Tahoe-Truckee Unified School District will hold open house and other appropriate activities for Public Schools Week from April 24 to April 30. The schedules for the schools are as follows:

April 24th: Tahoe-Truckee High School.

April 25th: Kings Beach Elementary School.

April 26th: Tahoe Lake Elementary School (Teacher and P.T.A. Dinner - 6:00 P.M. Proceeds for Scholarship fund.)

April 27th: Truckee Elementary School (Teacher and P.T.A. Dinner at 6:00 P.M.)

April 30th: Donner Trail School.

REBEKAHS HEAR OF TRIPS AT MEETING

Naomi Rebekah Lodge No. 2 members heard Laura Horman, noble grand and Bess Reid relate an account of their recent trip to Columbia Rebekah Lodge at Los Angeles, at the April 11 meeting of the organization.

An explanation of the Odd Fellows and Rebekahs old people's home was given by Pearl Heller and followed by an account of a visit on April 5th to the Rising Star Rebekah Lodge in Sacramento.

A school of instruction was held by state assembly president Erma Fream in the afternoon when Mrs. Leanne Vind of the local lodge took an advance degree to prepare for the state assembly to meet in May.

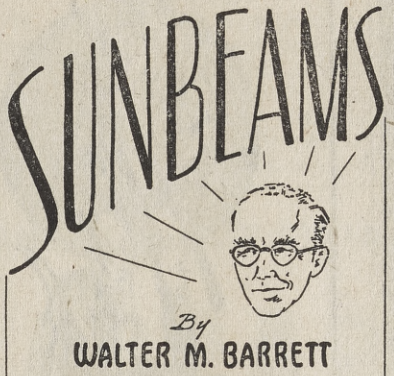

Others attending the session in the capital city included Mrs. Heller, Mrs. Horman, Mrs. Reid, Mrs. Dorothy Slack, and Mrs. Winifred Kamp.

Mrs. Mary Maxy and Mrs. Ava Glenn served refreshments at the close of the local meeting.

STUDENTS WITNESS BEE'S SCIENCE FAIR

Tuesday a group of Tahoe Truckee High School students, under the direction of Miss Thelma Finger, N. K. Dewhurst, and Don Trask, journeyed to Sacramento to witness the annual Sacramento Bee Science Fair. The group comprised the entire ninth grade, the radio and electronics students, and other interested science students.

This trip afforded an opportunity for these students to see what other students and their high schools are doing in the way of science instruction and science projects.

The efforts of the Truckee Volunteer Fire Department in sponsoring a cleanup campaign in the district should be greeted with cheers from everyone. We can think of no better plan at the moment. In many spots unsightly debris detracts from an otherwise nice looking residence or street and given this opportunity to get rid of the mess should be a very welcomed chance. May we suggest that you give the firemen your full cooperation by volunteering to help or at least check your own yard, attic or basement and really give the trucks something to haul away.

CLUB WOMEN TO HOLD SESSION AT TAHOE

Mrs. Gerald Whitaker, state president of the California Federated Women's Clubs will address the members on Tuesday who will attend the 53rd annual convention to be held in the Crystal Bay Club at Crystal Bay, Lake Tahoe on April 23, 24, and 25.

Mrs. Whitaker's speech to the club women will highlight the luncheon honoring the state officers.

An outline of the three days program as given by Mrs. Fred Pedley, official hostess of the affair, follows: Mrs. Lester Rose, Northern District president will preside when the convention opens at 2 p.m. April 23rd. Presentation of colors will be made by the Girl Scouts and Brownies of Lake Tahoe and Truckee troops No. 1 and 2.

Invocation will be given by Rev. Wesley H. Osman, followed by a welcome by Ray Plunkett of Crystal Bay. Mrs. Pedley will also greet the visitors.

Monday evening there will be a gay nineties dinner and show, presenting local talent and Tuesday morning will be devoted to reports of district chairmen. The Northern District president's breakfast will be held for officers and county presidents.

Ray Leonard of Sacramento will address the women on Tuesday afternoon on the present status of the Feather River project.

Mrs. Earl Stice will be heard in vocal solos, accompanied by Mrs. George Kamp at the piano.

The annual convention banquet on Tuesday evening will be followed by the installation by Mrs. Whitaker of officers for the two new districts of Sutter and Shasta.

James Pringle will direct the chorus from the Tahoe Truckee Unified School District for the program.

A reception will be held for the new officers of the organization. Arthur Suverkrup of Nevada, on Wednesday will speak on International Relations, followed by a closing luncheon.

Club members from Placer, El Dorado and Nevada will compose the hostess clubs for the event.

SQUARE DANCERS TO HOST BIG FESTIVAL

Mr. and Mrs. Joe Straub were masters of ceremonies at the regular square dance session of the Donner Dancers Friday evening at Veterans Memorial Hall. Mr. and Mrs. John Patterson and Mr. and Mrs. Wesley Osman were on the refreshment committee.

The group discussed the coming square dance festival to be held sometime in July at the Tahoe-Truckee high school, sponsored by the Tahoe Twirlers of Kings Beach and the Donner Dancers of Truckee. It is anticipated that between 600 and 1000 dancers will attend.

Anyone wishing to learn square dancing and participation in the events are welcome to attend the dances at the Veterans' Hall every Friday at 8 o'clock.

Visits Relatives—Mrs. Ralph Merillon of San Francisco has been visiting her brother in law and sister, Mr. and Mrs. Pete Lazzari.

In Capital—Mrs. J. Firpo returned Monday from a trip to Sacramento.

Washoe Bill Gets Approval As Few Alterations Made

Use Of Water In California
Agreed To As Bill
Approved

Some revisions in the \$43,700,000 Washoe Reclamation Projects in Nevada and California were made at the insistence of California Compact Committee representatives before the bill was unanimously approved by the House reclamation subcommittee this week. The vote was taken in closed session.

One of the revisions was that the reservoir site at Stampede, northeast of Truckee, will have a capacity of 175,000 acres feet instead of the 128,000 feet previously planned.

Another provision is that water in the Little Truckee river used for generating electric power could also be used for other purposes in the Little Truckee watershed in California.

Water users of Alpine county would be allowed to contract for water made available by the Wataheam reservoir before the project is offered for the development of new land in Nevada. If the Alpine water users should take advantage of this provision, they would exchange their water for rights to water of the West Carson River.

One of the most important provisions affects owners of big tracts on land in the Washoe area. The reclamation law prohibits the use of federally-supplied irrigation water on land in excess of 160 acres if the owner is single and in excess of 320 acres if the owner is married.

The bill now permits these owners to irrigate their excess land, providing they pay the interest on the cost of supplying supplemental water.

CRANDALL MILL TO INCREASE CAPACITY AS CHANGES MADE

Work is progressing at a rapid rate on alterations and repairs at Crandall Bros. & Cowen's sawmill, which is being equipped with a gang-saw to increase the capacity from approximately 40,000 feet to 55,000 feet per day.

Ed Crandall said it is hoped to have the new mill in operation by the middle of next month. The ability to get logs out over the wet ground will determine the starting date. A crew of nine men will be employed in the mill this year and will operate on a nine-hour, one shift basis.

The overhaul and new equipment will cost in excess of \$30,000, Crandall said, but will put the plant in top condition. The equipment will be operated by electricity, a 440 volt line being installed for the purpose.

SALE OF GOLDCREST AT LAKE REVEALED

KINGS BEACH—Sale of Goldcrest Lodge at Kings Beach to Edgar and Kathryn Schofield for \$237,000 was announced this week by Mr. and Mrs. Julius Gold, who developed and operated the establishment until last fall. The Schofields took possession Sunday.

Mr. and Mrs. Gold are planning to leave to make their home at Santa Barbara.

The sale was one of the biggest transactions in this area in recent years.

SUMMIT STATION IS RAZED BY BLAZE

Fire Sunday completely destroyed the service station and repair shop owned by Ernest Tschopp at Kingvale on Donner summit.

The place had been leased only a few days previously to two men, whose names were not immediately learned. The latter were cleaning the place up and preparing to open it when gasoline ignited and the fire quickly spread through the frame structure.

The U. S. Forest Service truck from Big Bend was summoned to prevent any spread of the flames.

See Son—Mrs. Gus Benjamin has returned from Torrance where Benjamin will be a guest of Mr. and Mrs. K. Benjamin for an indefinite stay.

Four Hurt When Car, School Bus Collide On Street

Driver Cited After Accident
Which Seriously Hurt
Local Men

Two men suffered major injuries and two boys were treated for minor hurts as a result of a head-on collision between a Tahoe-Truckee school bus and a car driven by John Paul Martizia, 36, Squaw Valley, in Truckee Friday night at 11 o'clock.

The injured were Martizia and his companion, John Buckman, 35, who were taken to the Tahoe Forest Hospital with major injuries; Stanley Baker of Kings Beach and Louis Ellis of Tahoe City, bus occupants, who were examined at the hospital and released.

State Patrolman William Gautsche, who investigated, said the bus was transporting students home from a dance held that evening at the high school. It was driven by Robert Beaverson, 40, Tahoe City.

The bus was at the intersection of Bridge and Commercial Streets preparing to make a turn when the car driven by Martizia came around the sweeping curve from Reno. The lighter vehicle, Gautsche said, apparently skidded out of control and crashed the bus head-on.

Gautsche said he would cite Martizia for speeding and being on the wrong side of the highway.

The school bus was nearly filled with students from the seventh, eighth and ninth grades. A second bus was called to continue the trip, the first, as well as the car, being considerably damaged.

FATHER BRENNAN TO BE FOLSOM CHAPLAIN

Father Ronan Brennan, who has been assistant pastor at Assumption Catholic Church under Father Patrick O'Neill, left on Monday to become head Catholic Chaplain at Folsom Prison at Repressa.

Father O'Neill announced that Father Leo McAllister, presently assistant pastor at Immaculate Conception Church in Sacramento and Chaplain of the County Hospital in the capital city will arrive here to replace Father Brennan.

Father McAllister was ordained at St. John's Seminary at Waterford, Eire.

Father Brennan's many friends in the district wish him success in his new field.

BOOKS CLUB WILL MEET ON APRIL 25

Mrs. Charlotte Patoude and Donald Trask will lead a two hour discussion of Plutarch's Lycurgus and Numa Pompilius at the next meeting of the Great Books Discussion Group. The group, consisting of interested adults of the local communities, will meet in the Community Library Wednesday evening, April 25th. The discussion begins at 8:00 p.m.

SUE JEFFORD HURT IN AUTO ACCIDENT

Miss Sue Jefford, daughter of Mr. and Mrs. L. R. Jefford of Sacramento is in a hospital there following an automobile accident.

According to the report, Miss Jefford will be hospitalized for two or three months. Her parents frequently visited here from Grass Valley while he was a district officer for the Lions Club, several years ago.

MANY ENTRIES FOR SUMMIT SKI RACES

NORDEN—Entries from all over the country, as far east as New York, have been received for the running of the 14th annual Silver Belt invitational trophy race at Sugar Bowl Sunday.

Included in the list are such skiers as Christian Pravda, former world champion and 1952 Silver Belt winner; Tom Corcoran, Olympic skier; Eino Henrich, Mike Tomlin, George McDonald, Gardner Smith and others. The senior class racers will include Dick Durrance, Barney McLean, Dick Buek, Lewis Fellows and Dennis Osborne.

The giant slalom will be set on Mt. Lincoln by Bill Klein.

In the Veterans Giant Slalom last Sunday Bill Janss of Yosemite won the Vets class while LeRoy Rust took the open class event and Freddy Pieren of Sun Valley was winner of Veterans Class II. Bill Strickland of Soda Springs was 4th in the open class.

The course from the top of Mt. Disney was long and tough.

Leaves School—Conrad Briner, vice principal of Tahoe Truckee High School, has been granted a year's leave of absence. He has accepted a fellowship at Stanford University to study for his doctorate.

Mission San Luis Obispo, established Sept. 1, 1772, was named for Saint Louis, Bishop of Toulouse, by Junipero Serra and Jose Cavalier.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO (CNS) — An all-out battle between the California State Employees Association and the California association of architects is scheduled for this summer when the two organizations attempt to convince the public on the demerits of SCA 6, which is a constitutional amendment ad-

opted by the 1955 legislature and scheduled to be voted upon next November.

The amendment is simple and reads as follows:

"Nothing in this article (civil service) shall prevent the legislature from enacting legislation to authorize the employment of private architects and engineers on a contract basis for the performance of work which the obtainable staff of a state agency is unable to perform within the time the public interest requires such work to be done."

But back of the paragraph lies the whole subject of whether or not all state employment should

CHECK CHARGE TO BE HEARD ON MAY 4

Robert Jacobs, arrested in Truckee for cashing numerous fictitious checks against Donner Lake Development Company, a felony charge, and was released on \$5,000 bail to face similar charges in San Bernardino was rescheduled for hearing May 4th by Superior Judge James Snell. A letter from his attorney there asked that charges be dismissed because he was to plea guilty to the charges there.

be under the terms of civil service, or whether the people of the state have the right, if they choose, to authorize the employment of private enterprise to accomplish the work which needs to be done, and which the state employees cannot do.

In literature already issued, the State Employees Association contends that the constitutional amendment is an infringement upon the sacred cow of civil service. Representatives of the architects association claim the state employees are engaged now in raising a tremendous war chest to continue issuance of propaganda to defeat the amendment at the polls later this year.

To combat the contentions of the state employees, the architects will raise some money too, and attempt to establish firmly the right of private enterprise to participate in government contracts.

The amendments itself was the result of some lengthy investigations into the activities of the state division of architecture by a state senate committee headed by Senator John F. McCarthy, of Marin county.

During the investigations, it was found the division couldn't keep up with the work, and that therefore, private firms should be hired to produce plans for state buildings, to get them under way. But immediately, the problem of the state constitution was invoked, for the constitution prevents the hiring of private firms for work which can be done by the state.

Three times, the amendment proposed by Senator McCarthy's committee, was amended. First, the committee provided for hiring private firms for work "in excess" to a normal work load. This, of course, was not satisfactory to the proponents of civil service, so the measure was amended to permit hiring private firms when peak loads prevented the state from turning out the work.

But even this was unsatisfactory, and a second and third amendment were adopted before the measure was in final shape for the November ballot.

Undoubtedly, their will be much propaganda on both sides of this issue, and it is scheduled to begin within a short time, as civil service relies heavily on "education" of the public. Primarily, this education consists of softening up the taxpayers, convincing them there is no service like civil service, all to perpetuate the hierarchy.

New License Plates Aid In Identifying Vehicles

SACRAMENTO — The new California license plate number system which has been initiated with the 1956 plates enables persons who witness hit-and-run accidents to more readily be of assistance in apprehending hit-and-run drivers, says the Highway Patrol.

"We would like to have the entire number from the license plate and the make, color, and year of the car", Patrol Commissioner B. R. Caldwell declared today. "If complete information cannot be obtained, witnesses can help investigating officers considerably if they secure the first three letters of the license plus the make and year model of the car. We suggest you be alert for these factors if you should witness a hit-run accident."

Whatever information you obtain should be forwarded to the California Highway Patrol as soon as possible", he added. "If the accident occurs in an incorporated city, follow the same procedure but give the information to the local police department."

Last year the Patrol recorded over 2,000 hit-run cases, each of which might have been more readily solved if a witness had accurately recorded the license number of the errant driver's car.

GOVERNOR SIGNS FLOOD AID BILL

SACRAMENTO — (CNS) — Governor Goodwin J. Knight announced he has signed Assembly Bill 17 by Glenn E. Coolidge of Santa Cruz, appropriating \$24,900,000 to assist local governments in restoration of flood damage public works. The measure has a sliding scale for matching which is based on the ability of communities to restore flood damage.

The new law also provides for

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Spring Storm

A lull in local activity during the past several days can very well be excused when one considers the surprising spring blizzard which struck this region last Wednesday. The weather here had been beautifully springlike for more than a week when "out of a previously clear sky" there came quite a heavy snowfall. From the records of Weather Observer Art Frodenberg come these measurements for the four days' storm: Wednesday, one half inch snow with .04 precipitation; Thursday, 5 1/2 inches of snow with .33 precipitation; Friday, three inches snow with .24 inches precipitation and Saturday, 4 inches of snow with .28 inches precipitation

making a total of thirteen inches of snow for the storm. Early on Sunday morning there was .05 inches of precipitation from a heavy haze of moisture in the air, before the sun rose and the skies cleared for a beautiful spring day. On Monday morning the lake's water stood at 6227.24 feet above sea level, and all gates at the dam were closed. Frodenberg's measurement of snow on the ground at the weather station, on Monday, was 26 inches. However, he says that this measurement taken in that heavily shaded area is misleading when other localities along the lake are considered, as the snow is almost gone nearly everywhere. Examining our own past weather records, we are inclined to feel relieved that the spring storm came as early as it did, for we find that last year we had a very pleasant early April, and then in May the weather made up for lost time by bringing us something over two feet of snow.

Car Overturns

The only bad results from the

storm reported here so far was a car wreck from skidding on the wet canyon road on Wednesday evening. Miss Jeri Bean, Tahoe kindergarten teacher, was driving her car when it skidded and turned over. She escaped without serious injury.

Excavations Filled

The Public Utility's extension work on the main pipe lines here was considerably hampered on Thursday and Friday when the new excavations filled with drainage water from the storm-drenched slopes, and had to be pumped out. However, on Monday the maintenance crew was back on the job, and the spring sun was really "making it hot" for them. C. W. Vernon, Utilities manager, said the storm has delayed the completion of the work several days.

Shop Opens

The new Sierra Knit and Yarn Shop opened during the past week next door to the laundrette on north Front Street. The owner and operator, Mrs. Hannah Corona,

plans to have the shop open throughout the season every day except Sunday.

Programs

According to hosts and hostesses of the Squaw Valley resort, the nightly entertainment planned for Squaw Lodge for the next month will include the following: cocktail parties, meals and games in the press room from 8:30 - 10:30 p.m., movies and snow follies, and special activities for children. Throughout the days the ski school will be in session. Also the double chair lifts and the unique "Flying Saucer" will be in continuous operation, and the rope tows on the ski slopes are always ready for use. All visitors are welcome to the evening entertainments.

Party Held

In spite of rather unpleasant weather, the benefit card party on Friday evening at the Tahoe Lake School was reported to have been a pleasurable success. A capacity crowd of parents and friends attended, refreshments were enjoyed

and everybody had a good time.

Rotary Meets

The Tahoe City Rotary Club held its regular weekly dinner-meeting at the Tahoe Inn on Tuesday evening, with 27 members present and President Steve Korich presiding. Two new members inducted at this time were Robert Pomin of Tahoe City and Ralph Bly of Lake Forest. During the meeting two members, Al Snyder of Lake Forest and Bob Wray of Sunnyside, were treated to an impromptu celebration of their birthdays which had occurred within the previous week. Filling the lack of any official program for the evening, member Clay Diltz, as a committee of one, reported information on progress of the airport project getting under way for the Truckee-Tahoe area. He said the suggested site for the new airport near Truckee seemed to be favored over the Anton Meadow site above Tahoe City. He said one main reason for this preference was the fact that roads near the Truckee site are already in good

condition, while roads into the Anton Meadow vicinity would have to be newly constructed. Diltz also said that Nevada County Supervisors have already appropriated the sum of \$2,500.00 to go toward a survey of the area eventually selected for the site. He said that considerably more money will be needed, and that an airport planning commission has been organized for the purpose of gathering funds and important data for the project. The Tahoe City Rotary voted to contribute the \$10.00, which is the sum to be requested of each club.

As early as 1860, orchard products were reported from 40 California counties.

Tahoe Items

Mrs. Anna Blau who has been traveling in the southland for several months, has returned to her home at Tahoe Vista and glad to be here.

Mrs. Rose Boyiarides, a winter resident of Arizona is greeting Tahoe City friends this week.

The Dan C. Mawhinney address changed this week from Cathedral City to Tahoe Pines.

Hank Slade who has been in Cathedral City for some time is again at Tahoe City.

Communication - speaking and listening, writing and reading - is as common to mankind as eating and sleeping. It is necessary that human beings be trained in the proper use of words, phrases, sentences, and paragraphs if communication is to be adequately stated and thoroughly understood. The educators of the Tahoe-Truckee District being aware of the necessity for intensive learning spend much time and effort in training children and youth for creativity, accuracy, and thoroughness in use and understanding of the English language.

The following pictures, taken in the schools of this District, tell part but by no means all of the story of learning and using language.

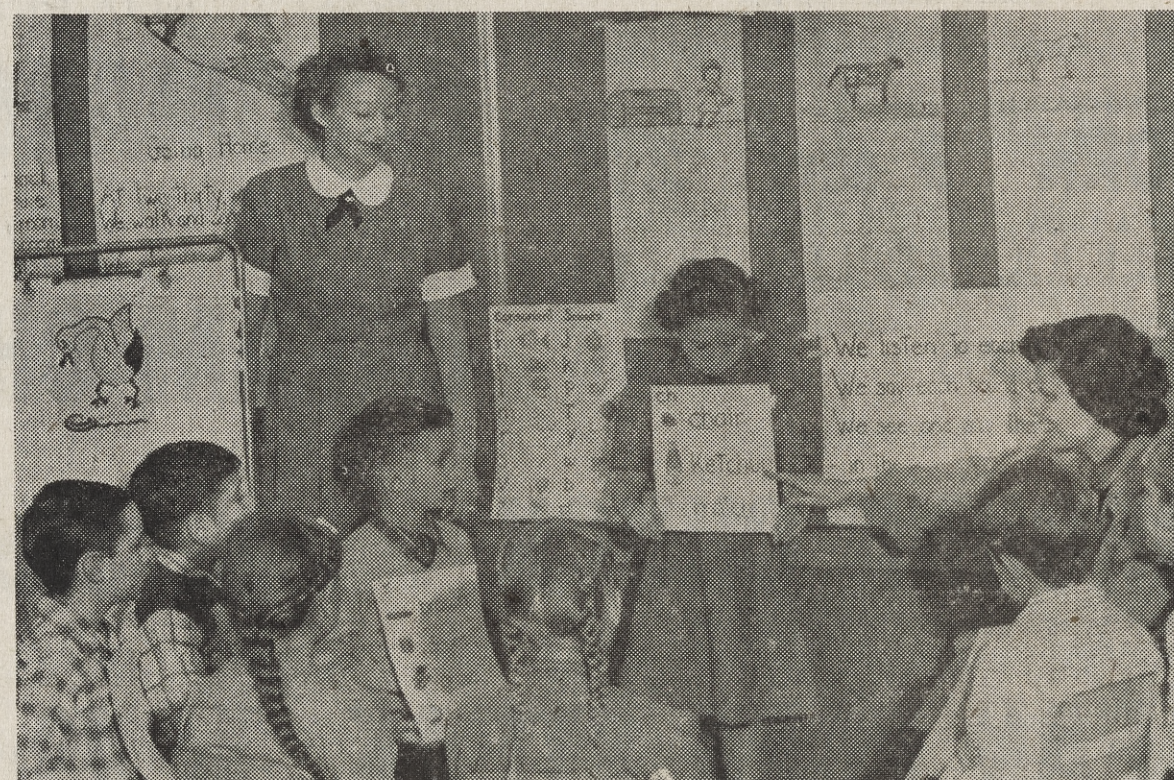

Respectfully submitted,
Everett V. O'Rourke
Superintendent

NORTH TAHOE

By JUDGE HARRY CHARRISON

Trailer Laws

At a meeting at the North Tahoe Community Club recently, the matter of parking trailers in the area was discussed. Harry Stubley, realtor of Kings Beach and secretary of the Placer County Planning Commission, briefly announced the ordinance prohibiting the use of house trailers at Tahoe, except in a state licensed trailer court will be strictly enforced this summer. One exception, and the only one, will be in the case of a property owner living on his lot while actively engaged in building a house and who has taken out a special permit for such purpose, and that only for 6 months. The county health department shall issue a permit provided the sanitary facilities for the occupancy meet with its approval. Any violation of the ordinance is a misdemeanor.

Left Again

Joby Lewis with his wife, Helen, and his dad left a few days ago for Los Angeles. Helen has not been feeling so good lately, and will be under care of their family doctor while there. They will be gone for a week or two.

Dozing

Frank Vance of the golf course road came in late last Friday night. Frank had the experience of taking forty winks while driving along highway 40 at Gold Run and the car ran off the soft shoulder and turned over. Happily no one was hurt except that Mrs. Vance and the two kiddies got their feelings hurt, and the car was damaged some, too.

New Owners

Was talking to Mr. and Mrs. Charles Templeton, the new owners of the Buckhorn Inn, they seem to be a very nice couple, and should do well in their new venture. We wish them all kinds of prosperity.

Tom and Theresa Sutton are still around helping Charlie to get acquainted. I see too that Barbara Mallory is back in the dining room.

Old Tahoeite

Saw Stan Martin, who used to be the head man for the Sierra Pacific Power at the north end of the lake. Stan is now at Lovelock, Nevada, and is very well satisfied with his lot. Of course we miss him at Tahoe City, but Bob Tonini who took Stan's place quite a while ago is doing a swell job.

Trees

Trees are the big factor of the beauty of the Lake Tahoe area, it wouldn't be much without them, but there are some that are a danger to life and property. There is quite a lot that are bending over at a dangerous angle and should be taken down, either by the state, county, or individuals when a life is at stake.

Cute Baby

Just had a letter from Bob and Mrs. Mercer who are now living at 316 Locust, South San Francisco, telling that they have a beautiful baby girl born March 28th. The sweet little thing weighed 6 lbs., 3 ounces and they have named her Nancy Lee. Cute, huh?

New Club

Was up at the new Crystal Bay Club and what a club it is. I doubt if there is anything like it, around the Lake, Reno or Las Vegas. It is coming close to being completed and the decorating is beautiful. Mildred Kincaide, floral artist of Sacramento, with assistance of Hal Kemper, wood worker, is doing the decorating with gorgeous flowers. H. E. McCoskey informed me that this 23rd, 24th and 25th of April a big convention of the Federated Womens Club of the western area with about 400 to 500 delegates, will be held at the club. The grand opening will be held around the end of May.

Arrival

Leon H. Barker, insurance man of Kings Beach, arrived at his home with Mrs. Barker last Saturday and will of course stay at their home on the Truckee short cut all summer.

Not Another?

Ed Malley, Jr., will soon add to the real estate dealers in this area, as I understand there will be an office built on the California side of the line over from Crystal Bay.

Travellers

The Loren P. Mosiers of Veran Villa, have just returned from a wonderful trip to Honolulu, and then on to Japan, China and the Philippines, and what glowing accounts they gave of all of these places. They were five weeks on the water and they have some wonderful pictures to show of all their travels, and we are looking forward to seeing them. Welcome home folks!

Back to Pine Cove

And now Dee and Meredith Siple are back home after spending the winter in Glendale. They too tell of an enjoyable time, but missed the beautiful clear air. We can tell them they didn't miss very much as far as good weather was concerned.

Kinda' Sick

I hear that Grant Lowry has been on the sick list but at last report he was coming along nicely. Grant has a trailer court on Fox Street and is also representative of the Madison Electric, Frigidaire dealer at Kings Beach.

Been Enjoying Life

Mac and Thelma Burroughs are back at their home in Tahoe Vista, and by all accounts Mac is rearing to go as usual. They have been out for quite a spell. They missed all the bad weather anyway.

Charged

Neill E. West of Ferney, Nev., and Larry Carter, Carson City, appeared in court on a charge of petty theft on complaint signed by C. D. Jones of Kings Beach. West made a plea of guilty and was fined \$250. Carter made a plea of not guilty and asked for a jury trial, the date for which has not been decided upon yet. Carter is at liberty.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

April 13th, 1956

To Whom It May Concern:
Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:
Chambers Lodge - 6 Miles South of Tahoe City on Highway 89
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale General
(Seasonal Quarterly)

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

DON'T BE STAMPEDED!

There IS opposition to the so-called "oil conservation" measure being circulated in California

Its promoters are Standard Oil, Richfield Oil, and several other major international oil companies with HUGE ARABIAN OIL INVESTMENTS

They have already spent several million dollars to propagandize their scheme. They are planning to spend millions more to put it over at the November election.

WHY?

In the public interest?

Or in their own interest?

Why did they by-pass your representatives in the State Legislature?

Were they afraid that committee hearings and floor debate would expose their "conservation" bill as a greedy and arrogant OIL CONTROL device to give them MONOPOLY over the oil business in California?

Why didn't they consult the hundreds of small independent California producers, refiners and marketers?

Was it because they want to choke off competition from the independents? If the independents are throttled, won't the major international oil companies flood California with Arabian oil and line their pockets with fabulous profits?

HOW WILL OIL CONTROL AFFECT YOU?

What will it mean to the property owners of California?

How many California workers will it throw out of jobs?

What will it cost the State in wealth and taxes?

THE CALIFORNIA OIL INDUSTRY OPERATES TODAY—AND HAS OPERATED FOR YEARS—UNDER STRICT STATE CONSERVATION LAWS. THESE LAWS ARE THE BEST IN THE NATION.

YES, there IS opposition to this OIL CONTROL scheme; and there will be growing opposition from an aroused public when the true story is told.

Don't be STAMPEDED!

Get the FACTS!

Don't be MISLED!

CHECKS NEVER HAVE TO WAIT IN LINE!

Wouldn't you like to give up walking from butcher to baker to candlestick maker... and waiting to pay your bills? Why not let the postmen do your bill-paying for you... with a Bank of America checking account? Convenience is only one of the many advantages of a Bank of America regular or Tenplan checking account. Your canceled checks are legal receipts of the payments you've made... and they can help you keep track of all the money you spend.

WELL,
THAT'S
OVER!

Now that income taxes are all paid—at last—you may have found that your budget has been slightly pushed out of whack... or bills went unpaid so you could settle with Uncle Sam. Well, before you dip into your savings, add up all your bills... then come into our bank and arrange a *Tenplan* personal loan to cover everything. That way you can consolidate all your debts... pay them off at one time. *Tenplan* is easy to arrange and you can repay in small monthly instalments.

B of A Quiz Corner

DID YOU KNOW THAT you can make a payment on a Bank of America *Tenplan* loan at any of our Bank's 575 branches—regardless of where you have your account? Just one more advantage of doing business with Bank of America.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY

KINDERGARTEN: Kathie Hart has brought some of her records to school for us to enjoy.

Ken Bretthauer's crayon drawing of a spring scene is our calendar picture for this month.

FIRST GRADE: The first grade

won the room count prize at P.T.A. on Monday.

Patty Deming drew a very good poster for the contest on the subject "Our School" and her poster will go to the district to compete with other first grade posters.

Twila Lee Barber is absent again due to illness.

Gary Waters and Kathy Braasch had birthdates this week.

SECOND GRADE: In arithmetic we are studying odd and even numbers. Debbie Ellis, Alexandra Cushing, Diana Pankoke and Doug Nelson made up numbers stories using

them.

THIRD GRADE: The third grade is planning a trip to Sacramento April 20, to visit Sutter's Fort, the junior museum, William Land Park and the zoo.

Those making a perfect score in spelling this week were: Steve Davis, Denny Garcia, Eddie King, David Saroni, Gary Strucke, Douglas Hagens, Dennis Stumbaugh, Carol Kunkel, Sheila Larriev, Nicolasa Marroquin, Judy McGinn, Gerri Steele and Mike Ingalls.

FOURTH GRADE: Fourth graders continue to work on their times tables and problem solving questions. James Randall had all his problem solving test correct this week. Those missing only one or two were: Steve Besio, Richard Sorani, Bonnie Fair, Jamie Hamilton, Dianne Cardinal, Lellani Braasch and Ronald Brown.

Class officers for April are Steve Besio, president; Ronald Brown, vice president; Karey Kielhofer, secretary and Dianne Cardinal, Treasurer.

FIFTH GRADE: In our arithmetic class, some very good story problems were made up by Ellen Patnoud, Robert Hobbs, Gene McGinn, Dennis Whitbeck, Jim Grady, Janice Eaton, Joe Parkhurst, Jerry Kirby and Joe Straub. In recent quizzes on multiplication problems, Virginia Barnes, Dianne Kaspian, Helen Kohl, Shirley Patton and Jeffrey Stock had perfect papers.

SIXTH GRADE: Group one in arithmetic has completed the fundamental requirements of the sixth grade. This group consists of: Fran McGinn, David Ayala, Dorette Rose, Gene Miller, Kathleen York, Karen Smart, Charles Glenn, Linda Giovannoni, Pat Freeman, Barry Leamon, Dana Hamilton and Terry Walker.

Group two is beginning multiplication of fractions. These students are Donna McReynolds, Olivia Montano, Lila Frates, Terry Beck, Terry Ellis, Jimmy Osburn, Stephanie Cozzi and Mike Armstrong.

Pamela Freeman was recently advanced to group three.

DONNER TRAIL
We have all been busy making the costumes for the Music Festival. We are sewing, coloring and cutting out.

The upper group of children are slowly identifying their shells received from Florida. The map of California is gradually getting more

Crystal Bay Club To Open After Big Remodeling Job

CRYSTAL BAY— The new Crystal Bay Club will open for the 1956 summer season April 23, 24, and 25 to host between 400 and 500 delegates to the California Federated Women's Clubs, who will convene there.

The club has just undergone a complete remodeling at a cost of \$250,000 and the work included a 109-foot glass front, wall to wall carpeting throughout, two completely new bars with padded upholstery, indirect lighting fixtures and more than \$200 worth of planters to add to the atmosphere.

The alterations virtually double the size of the club and parking for a minimum of 200 vehicles has been provided.

Restaurant facilities include a new coffee shop, soda fountain, dining room and banquet room combination and a complete bakery.

Following the convention next week, the club will remain open for year around business, catering to clubs and special groups as well as parties.

The three partners are well known here and are Johnny Rayburn, mgr., H. Labrode and H. E. McCoskey, veteran resort managers.

VFW AUXILIARY TO ATTEND CONCLAVE

KINGS BEACH— A regular meeting of the Ladies Auxiliary of Post No. 7077, Veterans of Foreign Wars, was held last Wednesday at the Crystal Bay Club where Mrs. Beverly Newman was initiated as a new member by President Pearl Moore.

Mrs. Newman is a sister of Mrs. Roy Bergman and she and her husband are being welcomed as new members of the community.

Hostess for the social meeting to be held April 25th at her home on the Shortcut will be Mrs. Newman.

Plans are being made for 10 delegates to attend the department encampment in Reno May 6 and a discussion was held on the Tahoe Truckee Educational Association scholarship fund. Mrs. Ivey Labrode was named as publicity chairman.

The increasing popularity of concrete as a structural material has helped make California's production of sand and gravel for aggregate exceed that of any other state.

and more authentic products placed upon it. Lynn Baker is in charge of the map work, but all of the children have a job to do.

TAHOE LAKE SCHOOL
SECOND, THIRD AND FOURTH GRADES: Understandings were gained by the third and fourth graders in the care of the lungs through careful diagramming and discussion.

FIFTH AND SIXTH GRADES: The fifth and sixth grades are having a spelling contest which will last until the end of the year. Ronnie Faughn, Jeanne Spitsen, Karen Grahn, and Michael Wright were new comers to the 100% list.

We are spending a great deal of time on the music for the Music Festival that will be held May 4th of this year at the high school.

The teachers with the aid and assistance of the Tahoe Lake P.T.A. will serve a spaghetti dinner on Thursday evening April 26th. This dinner is to raise funds for the Tahoe Truckee Educational Association Scholarship Fund. It will be given the same evening as the Tahoe Lake School Open House for Public Schools Week. Children and teachers are preparing work and displays for exhibit to the public.

SIERRA SUN ADS PAY!

SUMMARY OF THE PROCEEDINGS OF THE BOARD OF SUPERVISORS

Monday, April 2, 1956

The regular meeting of the Board convened at 10:00 o'clock A. M., and there were present and answered to their names the following: Supervisors Curtis R. Clark, Chairman, John L. Frank, J. C. Coughlan, Guy N. Robinson, Henry G. Loehr.

The minutes of the meeting of March 15 were read by the Clerk, duly approved as read and ordered adopted.

It was decided that, in order to do an work in Pine Grove Cemetery, the title to said cemetery will be investigated, and report will be made to this Board at a later meeting.

It was ordered that a summary of the proceedings of this Board for the month of April be published in the SIERRA SUN.

Mr. Kenneth B. Frey of the staff of the California State Fair appeared to thank this Board for its participation in past fairs and to urge participation again this year.

The Board passed a resolution approving the application of the City of Grass Valley for transfer to the City of one mobile radio transmitter for use in the fire department squad car.

Transfers of funds were made at the request of the County Auditor. Frances M. Foote, L. V. N. at the County Hospital was advanced from Practical Nurse Grade 1 to Grade 2 and her salary went from \$190.00 per month to \$200.00 per month.

The Superintendent of the County Hospital was granted permission to leave the State for one week at his own expense to attend a hospital conference in Seattle.

The contractor at the Juvenile Detention Hall was granted an extension of time to June 1, 1956 to complete the job.

The County Superintendent of Schools was granted permission to attend the Governor's Conference on Juvenile Delinquency on April 4th and 5th at county expense.

The bills for monthly expenses were presented by the Auditor, and after carefully examining them, allowed the following for payment:

GENERAL FUND
Warrants Nos. 14894-16265 \$123,220.99

VETERANS BUILDING FUND
Warrants Nos. 133-154 \$1,881.23

SPECIAL ROAD IMPROVEMENT FUND
Warrants Nos. 1046-1163 \$42,665.40

The Board earmarked \$2500.00 of the Special Aviation Gas Tax Fund money for use by the Truckee Airport for a preliminary survey.

Sheriff Wayne Brown was granted permission to replace a leaky oil tank at the Truckee jail with a new 500 gallon tank.

The Board approved and signed a contract for lease rental of one

Chevrolet Model 3600 1953 1 1/2 ton flat rack truck for \$100.00 per month beginning April 2, 1956 and running through September 1, 1957.

The Board approved the Indian Springs Road from a point on State Highway 20 through to Higgins Corner as a F.A.S. road project.

The Board received a complete explanation of the State Health Department setup as given by Dr. George F. O'Brien of Berkeley.

The County Health Department after merger with the State Department would provide the additional staffing of two doctors, additional health nurses and sanitarians in addition to retention of the present staff.

Members of the Board expressed approval but before final action is taken Dr. O'Brien will submit copies of a rough draft of the contract the County will sign for Board members study.

The County Recorder reminded the Board that he needs additional space for storage of record books and suggested a mezzanine floor. The Purchasing Agent was directed to get some figures on the cost and file same with the

Auditor with copies to the Recorder.

William Vogt and Charles R. Kitts urged the Board to call for a survey of the water potential, particularly the Bear and Yuba River basins by the U. S. Reclamation Bureau.

The Mayor of Grass Valley and Carlos McGuire urged the Board to take Doris Drive in the Country Club Terrace Subdivision into the county road system, said road to be later annexed to Grass Valley. The matter was continued to the April 19 meeting for final decision.

The Welfare Director was authorized to go to a welfare conference on April 17, 1956 at County expense.

The Board authorized Mrs. Wakefield and Mrs. Worth to go to Long Beach for a conference of Social Workers on May 7th to 10th and allowed \$50.00 each for expenses.

Adjournment was taken at 4:35 until April 19, 1956 at 10:00 o'clock A. M.

R. E. DEEBLE

Last year in California

Taxes on beer were enough to build a highway from San Francisco to Yosemite

We Californians are the drivingest people on earth. It's a staggering task to make our highway system grow faster than new car registrations. Almost a quarter of our state taxes goes for building, maintaining and regulating roadways.

In the light of these facts it's important to know that taxes on beer—\$16,200,000 for just last year alone—would be enough to build a two-lane road from San Francisco to Yosemite. Taxes all Californians pay would be that much higher if the brewers and sellers of fine beers and ales weren't around to shoulder a substantial part of the load.

Beer Belongs to California Prosperity

Essays, Posters To Promote Schools Are Given Awards

The schools of the Tahoe-Truckee Unified School District in cooperation with the Truckee F. & A.M. Lodge No. 200 have completed a poster and essay contest. The poster contest conducted in the elementary schools, grades 1 through 6, and the essay contest in the high school, grades 7 through 12.

The winners of the poster contest are as follows: Grade 1, Jean Potkay, Kings Beach; Grade 2, Cathy Connors, Tahoe Lake; Grade 3, Chris Schickler, Tahoe Lake; Grade 4, Larry Free, Kings Beach; Grade 5, Joaquin Fuentes, Truckee Elementary; Grade 6, Fred Heggie, Tahoe Lake.

The winner of the essay contest is Nikki Ann Wing.

The judges for the poster contest were: Mrs. Joy Lausche, Robert Madge and "Skeets" Thompson.

The judges for the essay contest were: Mrs. Kay Wing, Reg. Smart and E. V. O'Rourke.

The winning essay is being published in the Sierra Sun. The winning posters will be on display in the various schools of the district during public schools week.

The Essay

What a High School Education Means to Me

Somewhere, somehow, everyone who intends to make something of himself must have an education in order to prepare for his chosen profession. High schools are the best answer to this problem.

A big advantage of a high school education is that it pays off in dollars and cents. A partial high school education may enable a girl to obtain a job at a ten cent store and a boy to strike the level of mixing "drinks" in a soda fountain— both perfectly decent jobs for a summer vacation, and both likely to have tragic consequences if continued after the school bell rings in the fall. Few business positions go to young people with less than a high school education. The overcrowding of every American university proves too, that a college education pays more than a high school education could ever hope to.

But the best rewards of going to high school are not in dollars and cents. There is a stagnating little-ness in the common routine of mechanical tasks, unless the mind has found the path of escape into broader fields. Whether gossip is malignant or harmless, its interest is in the crude stuff of fact— little lumps of information, rather more welcome if false — about people and things near by. Hundreds of the men and women we know are dying mentally of this kind of intellectual starvation. High school training of the right sort gives a world-wide range to our interests in facts; it makes us reluctant to accept mere here-say; shows us how to test informations and appearances.

Yet, this is only the ground work of an always fascinating mental experience. When we get our high school training, it teaches us to interpret our facts, to find the larger meaning of conduct, and the relationships among physical events in the light of principles we have learned in our previous years of schooling. The reasoning student, unlike the news gathering gossip, values fact as part of a network of cause and effect which is his duty and pleasure to understand for the common good.

This last phrase suggests the third point of a high school training. When facts have been collected, tested, and explained, it remains to put our knowledge to practical use. This third function of high schools is finding a steadily widening application in every high school that attempts to do some definite work in the world, or prepare its students for thoughtful citizenship.

The fourth possible service of a high school is the training of feeling and taste, so that we come to appreciate life for the rich thing it may be, and to act with considera-

STRICTLY STRICKLAND

By Bill Strickland

Saturday and Sunday were busy days for skiers and racers, both here on our Mountain and at Reno's Slide Mountain. Christian Prada demonstrated why he is this country's top competitor by winning both the slalom and giant slalom by a very comfortable margin. Soda Springs' Dick Buek was second in the combined with last years derby champ, Dick Dorworth, third. Sally Deavers, second place winner in the nationals, completely outskied the field to take the women's title by a wide margin.

The Sugar Bowl was the locale for the National Veterans Giant Slalom. Quite a few of our past champions were present, and considering some of them were in their forties, they proved there was still life in the old horses yet. Bill Janss, an Olympic team selectee of 1940, was the overall winner with 140.8. He consequently was the winner of the Veteran I classification (ages 32-39). Rex Rathburn of Soda Springs was third in this class in 141.8. The vets class II went to Freddy Pieren of Sun Valley in 145.6 (40-49). Freddy has been one of Sun Valley's top instructors for many years and just recently retired from teaching to run the Ski Shop.

Our very good friend from Yosemite, Leroy Rust, won the open vet classification in 143.6. Rusty used to be California's top junior figure skater, but with the advent of the Badger Pass development, he turned to skiing and has been on the instructing staff ever since. Yours truly was proud of his fourth place in the open classification until he found out there were only four finishers. I hope they will have recognized resting places along the way after this though, for guys like me. That was a long way for 43 year old legs to go without stopping to rest.

We had some excitement down the road Sunday. A couple of fellows leased Ernie Tschopp's Service Station at Kingsvale, but before they could get it in shape to open, it caught fire and burned up.

Fran Couillard has an invitation to spend two weeks as the guest of Capt. and Mrs. "Gloom" Mills of the Miramar Jet Naval Training Command. That should be a switch, from the trains and trucks zooming by to jets yet.

Peg Travis has just returned from a weeks visit with Dennis and Muriel Jones on their ranch just out of Grass Valley.

Elmo and Jeannie Moriano are hustling back and forth between here and Reno with furnishings, etc. for their new home which they have just purchased in the "Biggest Little City."

The Sugar Bowl will host the Silver Belt Racers next weekend. Some of the country's finest racers will be there. Why don't you plan on seeing them too.

The F.W.S.A. Ski Instructors will hold their Certification Convention starting next Monday at Soda Springs - That is worth watching also.

tion toward the interests of our fellow man. Only the rankest kind of Philistine would attempt to express the value of an art object in dollars and cents. We must live, eat, wear clothing, have a roof over our heads when we desire; but these things are only material. The best part of life is that which the good book says shall not be by bread alone. Culture, like other graces, cannot be bought and sold, but must be lived through. The biggest danger of leaving school too early is the danger of personal littleness; of stagnation in a mental treadmill; or a vulgar death in life.

Catholic Mission Starts April 22nd

The Assumption Catholic Church has extended an invitation to attend the Mission to be held in the church, beginning April 22 through the 29 to all within the parish which includes Truckee, Tahoe City, Kings Beach, Meeks Bay, Donner Summit and Floriston, to be given by Father John Giambastiani of the Society of Jesus. The visiting Father speaks Italian and Spanish and will open with a sermon at all Masses on Sunday April 22 and close with the 8 p.m., evening services on April 29.

During the Mission week the hours of Sunday mass will be at 9:30 A.M. Daily masses will be held at 7 and 9 a.m. with short instructions and evening devotions every evening at 8 p.m.

In extending the invitation Father P. J. O'Neill made the following points:

What is a Mission

A Mission consists in a course of sermons on the importance of salvation, on sin as an obstacle to salvation, on the great truths of eternity, and the mercy of God.

Why Should I Attend?

1. Because I want to save my soul because this may be my last chance to attend a Mission; 2. Because I want to square my accounts with God; 3. Because I want to change my life for the better; 4. Because I want a blessing on myself and my home. "Behold, now is the acceptable time! Behold now is the day of salvation!"

How to make a Mission: Plan ahead, do not make any appointments to interfere with Mission services; Attend morning Mass and evening devotions. Mission week is God's week. Receive the Sacraments- Pray for the success of the Mission. "What doth it profit a man if he gains the whole world and suffers the loss of his own soul?"

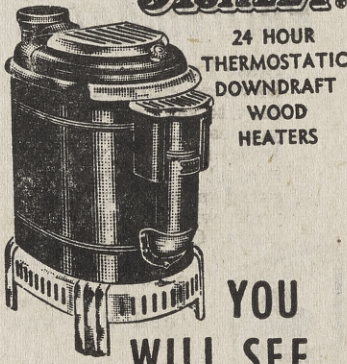

NORTH TAHOE TO STUDY WATER PLAN

KINGS BEACH.—The North Tahoe Public Utility District has applied for \$9,000 in federal funds with which to prepare an engineer's report on the desirability of going into the business of supplying water to the area.

The utility, which provides sewage service and street lighting, would find it necessary, in such case, to either institute condemnation proceedings against the Brockway Water Company, or construct parallel lines in the areas now under service.

Water sources at present are Griff Creek, which flows through Kings Beach and Lake Tahoe itself. The applicants lists these two as the water sources upon which it would file.

Owner Of Dog Charged In Reno Damage Action

RENO.—Joby Lewis, former owner of the Cal-Vada Club, was listed as defendant in a \$2,500 suit filed in district court by Miss Nan Weltzer.

Miss Weltzer contends she was injured and permanently scarred when bitten by a dog owned by Mr. Lewis on April 16, 1954 at Crystal Bay, Lake Tahoe.

The complaint states Mr. Lewis

was the keeper of a vicious dog "which was accustomed to bite mankind" and that the dog was allowed to go at large without being properly guarded or confined.

NEW EXECUTIVE FOR SCOUTING ARRIVES

It was disclosed last week that Chester B. Ellyson has arrived in Auburn to assume the duties of field scout executive, filling the position left vacant by William E. Dorsey, who moved to Sacramento in the insurance field. Ellyson will work with local

New Construction In State Sets Records In Year, Report Shows

By far the biggest boom in California in 1955 was new construction which rose to a record breaking dollar value of \$5,040,000,000, up 20 percent over 1954, and accounting for nearly 12 percent of the national total.

Another spectacular jump was in sales by motor vehicle and other automotive product dealers, rising 36 percent over 1954 figures to a total of \$3,222,050,000. However, national sales of these products also showed a phenomenal rise of 21 percent over the previous year.

In its forecast of business conditions in 1956, the research department of the California State Chamber of Commerce called the construction outlook for 1956 "one of the favorable factors in the general business outlook."

The state chamber's research department predicted a decline in expenditures of consumers for residential housing, but said, "this is expected to be more than offset by increased expenditures of businessmen for new plants and equipment, and by larger governmental spending on public works projects."

"Nationally, public construction is expected to rise 10 percent, commercial building by 14 percent, and industrial building by 17 percent," the research department said.

Scout executive Robert L. Fitzpatrick of Auburn.

He was born in Aberdeen, South Dakota. Prior to going into the service, he was a radio announcer of KWAT at Watertown, South Dakota. He served in the Eighth Amphibious Group of the U. S. Navy and was in the Italian and Southern France invasions.

In 1946 Ellyson came to California to attend San Diego State College. Working with the navy civil service as a bacteriologist and going to college wasn't enough to keep him busy, so he served as Scoutmaster of a troop of Scouts there for several years.

In 1950 he attended the National Jamboree at Valley Forge, Pa. Having a taste of Jamboreeing, Ellyson was selected to go as assistant scoutmaster to the Seventh World Jamboree in Austria in 1951, in which Dr. Harry March and son of Grass Valley attended.

Ellyson's family, which includes wife Fay, a son and three daughters, are still in Blue Lake, California, but will come to Auburn very soon.

Chester ("Call Me Chet") served as a field executive in the Redwood Area Council with office in Eureka, the past 3½ years. A former Eagle Scout, he has the Scouters key award and is a brotherhood member of the Order of the Arrow, an honor camping group in Scouting.

Better Techniques for Small Industry

Representatives of small industries in Asia, Africa and Latin America recently completed six months of group training at Copenhagen's Technological Institute designed to help them to improve output in their home countries. The program—the first of its kind—was sponsored by the UN Technical Assistance Administration in cooperation with the Danish Government, the International Labor Organization and the UN Educational, Scientific and Cultural Organization. Here we see Institute instructor Leidersdorff explaining the workings of a machine to group member Max Cassetana, of Haiti, during a visit to a weaving plant.

18 per Cent Increase In Traffic Deaths Shown In Report By Patrol

SACRAMENTO—California's traffic death toll of 799 for the first three months of 1956 is 18% higher than the same period last year according to provisional figures released today by the California Highway Patrol.

"If this increased rate is maintained throughout the balance of this year, we will record the worst traffic fatality score of our history," declared Patrol Commissioner B. R. Caldwell. "Even a 7% increase for the year will exceed the all time traffic death record of 3,664 set in 1946."

The increasing traffic death toll presents a definite challenge to everyone concerned with the problem," Caldwell continued.

"The Highway Patrol, knowing that about 90% of these deaths are caused by traffic violations, except to meet this challenge with continued firm and impartial enforcement directed toward reducing the number of accident causing violations," he said. "The challenge must also be met by every individual interested in stopping the continuing slaughter on our highways. Obey the rules and avoid becoming a traffic victim."

Among priceless files lost by the Mechanics Institute as a result of the 1960 earthquake and fire at San Francisco were those of early California newspapers.

WAYNE and ELMAY PHILIPPI
TRUCKEE

Your Truckee Volunteer Fire Department is sponsoring a spring cleanup for the entire fire district, starting the Saturday April 21st, and continuing through Saturday, April 28th. They have your chamber's whole-hearted support and help in this very worthwhile project. These volunteers have three large trucks at their disposal, so no load is too large or too small, for them to handle. They will even remove any old unwanted structure from your property that might be or become a fire hazard, with your permission of course. Lets all work together a few hours and help make our community a cleaner more attractive place in which to live. Fire is dangerous and destructive, let's prevent those costly fires before they start.

Another matter which deserves the support of each and everyone of us, and one which may very well affect the whole future of this community, is district planning for the 1960 Winter Olympics. Unless we start to plan now what steps we as a community plan to take and continue to develop following 1960, this great event will come and go and leave us right where we are now, with nothing ventured and nothing gained. Lets have some constructive ideas on this subject.

Do the people of Truckee and the north end of Lake Tahoe want an airport??? That is the big question facing your chamber and the planning group selected to work on this issue by your various service groups. Your chamber is assisting in this undertaking, but we need your support and cooperation if our assistance is to be effective. Make it a point to attend meetings. Discuss openly your feelings in the planning and lets have more new

WOLVERINES ENTER FIRST TRACK MEET

Tahoe Truckee High School entered its first track meet in the history of the school Friday, April 13, as they took part in the first annual Carson Valley relays at Stewart Indian School. The meet was held under the worst of weather conditions, with both rain and snow causing slow times on a soggy track.

The Wolverines, entering the meet with little experience and practice, came out with a fine second place in the 440 dash by Senior Jim Crowford, thereby giving Tahoe-Truckee 3 points and a tie for sixth place in the final standings among the eight teams entered.

Other tracksters who accompanied Coach Jim Brehler to Stewart included Doug Cooke, Fred Schultz, Fred Wofford, Stan Rasmussen, Gerald Faughn and Doug Wilson.

The Wolverine track and field squad will travel to Stewart again on Friday, April 20th to take part in the Stewart Invitational Relays, which will involve teams from Fernley, Dayton, Carson City, Smith Valley, Douglas, South Tahoe and host school Stewart.

Other meets which the Wolverines plan to enter this season include the Yerington Relays on April 28th and the Western Nevada Zone Meet on May 4th at Reno.

Yorks On Business—

Mr. and Mrs. Russell York were bay district business visitors, returning home Wednesday.

ideas. Planning of this kind cannot be done by a small handful of supporters, even though they are willing. It must be done on a united front, and now is the time to present that united front, when we have the cooperation and assistance of all of our various offices of government. Its not going to be easy, so lets hear your suggestions to expedite the programs if you really want an airport.

Remember! Your chamber meets on the first Tuesday of each month in the high school cafeteria. Ten people is not representative of a community of 2500, the number that attended our last meeting.

Helena Rubinstein's Color-Tone Shampoo

Once-a-year offer only! 2⁵⁰ size, now 1⁵⁰ plus tax

Wash your hair with dazzling color! Helena Rubinstein's fabulous Color-Tone Shampoo is not a dye, but extra creamy shampoo plus certified color. Its special new conditioners make your hair silky and soft. There is a "custom" Color-Tone Shampoo for every shade of hair: BLONDE-TONE adds golden lights. RED-HEAD gives a flaming aura. BROWN-GLOW lights up "plain" brown hair. BRUNETTE-TONE adds jet highlights and warm depths. SILVER-TONE halos grey, white or platinum hair, corrects yellowing. Silk-Sheen Cream Shampoo conditions dry, damaged hair to healthy lustre—no fed. tax.

License to Wed—

William C. Meister and Beatrice F. Young both of Truckee were issued a marriage license at Reno, Nevada.

Wyethia Club Meet—

Mrs. Eugene Welch will preside at the April 20 meeting of the Wyethia Club to be held tomorrow night at 8 p.m. in the club building when Frank Ratliff is scheduled to give several readings during the program.

Cooks Tour—

Mrs. George O. Cook of Vermont wrote that her husband is now visiting California and she will also make the trip west after visiting at the New York home of Mrs. Winona Fisher. All are former local people.

Going South—

Mrs. Michael O'Rourke, well known Tahoe City and Truckee resident plans to leave this vicinity on the first of May to join her husband in Maryland where the latter is stationed with the U.S. Army.

CHURCH NOTES

The last total united effort of the Christian year will take place in the meeting of the Quarterly Conference Friday, April 27th at 8 p.m. Officers will be elected and reports of the past year's progress made at this meeting. The Rev. Douglas Ewan, superintendent of the Sacramento-Nevada District, will preside over the business session, according to Rev. Osman, pastor. All members and concerned constituents are expected to be at this meeting.

The high school MYF will make a trip to a Youth Rally held at the Methodist Church in Fallon, Nevada. They will leave after school on Friday and return by supper time on Saturday. Persons scheduled to go are JoAnn Wray, Sandra Frank, Nelda Stone, Dorothea Frey, Jim Allen Harris, Jack Coffey, Allan Young, and Bob Williams.

On a Sunday Afternoon—

State Patrol Sergeant and Mrs. Frank Snyder of Sacramento were Sunday visitors here.

Move To Mill Valley—

Mrs. Robert Saunders wrote they are moving from San Francisco to Mill Valley while Saunders will continue his position of banking in the city.

Lions Have Visitors—

The local Lions Club was host to a delegation of visitors from the Reno and Sparks Nevada Lions Clubs on Wednesday evening, April 11. Floyd Carnell presided at the busy meeting.

BUY LOCAL WORMS FROM LOCAL MERCHANTS—

They are on sale at Cabona's, Tourist Liquor, Loynd's Truckee Drug, Osburn's Associated, Hintz, E. C. McReynolds, Trading Post, Ellis Associated. DONNER TRAIL WORM FARM, Phone Truckee 419. ttc

THE WITCH DOCTOR'S WEIRD PROPHECY CAME TRUE WHEN AN ELEPHANT SMASHED THROUGH THE VILLAGE-- THE SHINING DEMON!

CHAOS ENSUED. HOMES WERE DESTROYED AND BODIES TRAMPLED-- THEN THE CRAZED AND BELLOWING MAMMOTH RETREATED IN TRIUMPH!

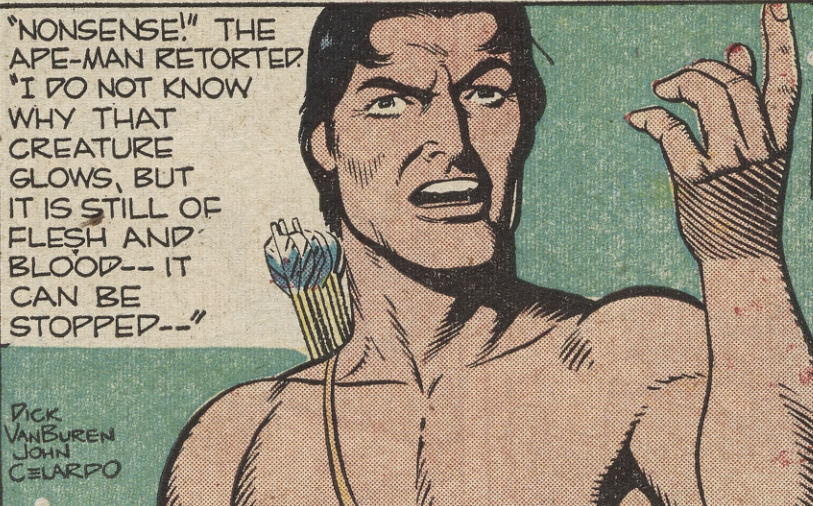

THE SURVIVORS SLOWLY GATHERED IN THE WAKE OF THE DESTRUCTION. "NOW!" SHRIEKED TABULU. "NOW YOU MUST ALL FLEE BEFORE THE DEMON STRIKES AGAIN."

1511

"NONSENSE!" THE APE-MAN RETORTED. "I DO NOT KNOW WHY THAT CREATURE GLOWS, BUT IT IS STILL OF FLESH AND BLOOD-- IT CAN BE STOPPED--"

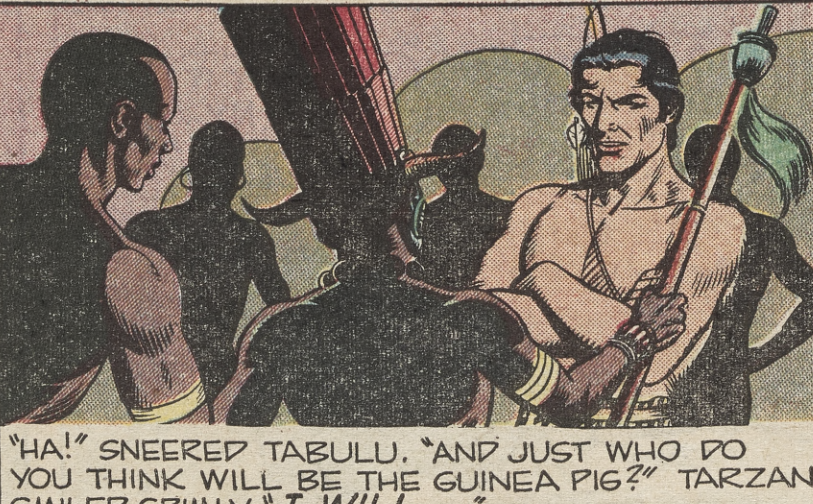

DICK VANBUREN
JOHN CELARDO

"WE MUST MAKE A TRAP-- AND SINCE THE ELEPHANT LIKES TO ATTACK MAN, WE USE A HUMAN FOR BAIT."

Copyright 1954, Edgar Rice Burroughs, Inc.--The Reg. U. S. Pat. Off.
Dated by United Feature Syndicate, Inc.

"HA!" SNEERED TABULU. "AND JUST WHO DO YOU THINK WILL BE THE GUINEA PIG?" TARZAN SMILED GRIMLY, "I WILL..."

BATHLESS IS ON THE PLANET VENUS WHICH IS LOCATED IN THE REFLECT-O-SPHERE. THIS MEANS THAT ALL FEMALES LOOK LIKE THE VIEWER'S IMAGE OF THE IDEAL WOMAN... AND ALL MALES LIKE HIS CONCEPTION OF THE IDEAL MALE!

Abbie and Slat

by RAE BURN VAN BUREN

CHECK ME IF I'M WRONG, SISTER-- BUT AIN'T I SEEN YOU TOMATOES SOMEPLACE BEFORE. SAY (CHUCKLE) IN ONE O' MY BETTER DREAMS?

NOTE: THIS IS A ROUGH TRANSLATION OF THE NATIVE VENUSIAN

HE IS KIND OF CUTE!

WELL-- HE IS KIND OF DIFFERENT FROM THE OTHER MEN AROUND HERE!

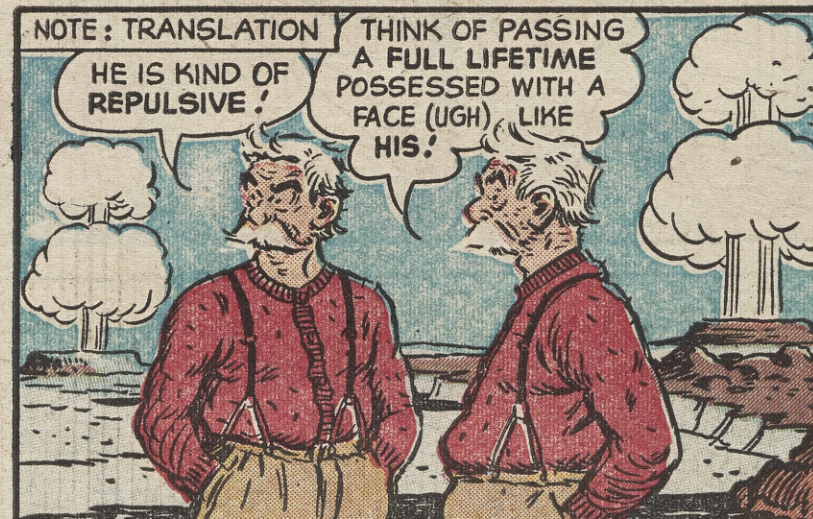

BUT AS FER YOU SPECIMENS-- EVEN IF YOU DO LOOK KIND O' FAMILIAR-- HOW COME BROKEN-DOWN, OLD BUMS LIKE YOU ARE THE ONLY MEN AROUND?

NOTE: TRANSLATION

HE IS KIND OF REPULSIVE!

THINK OF PASSING A FULL LIFETIME POSSESSED WITH A FACE (UGH) LIKE HIS!

COME TO THINK OF IT, THE SHAPE O' THEM NOSES IS SO DISTINCTIVE THAT THEY REMIND ME OF SOMEBODY I KNOW KIND O' WELL. LEMME SEE...

... SHANGHAI SAM? NOPE-- TOO UGLY! KEELHAUL KENNEDY? UH UH, TOO SKINNY! THEN WHO IS IT-- AH-- IT'S COMIN' THROUGH NOW-- THEY'RE THE SPITTIN' IMAGE O'-- (GASP)

STRANGE as it seems

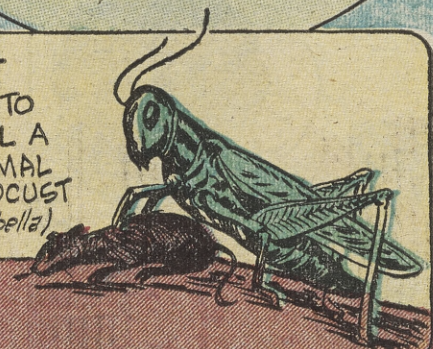

ELSIE HIX

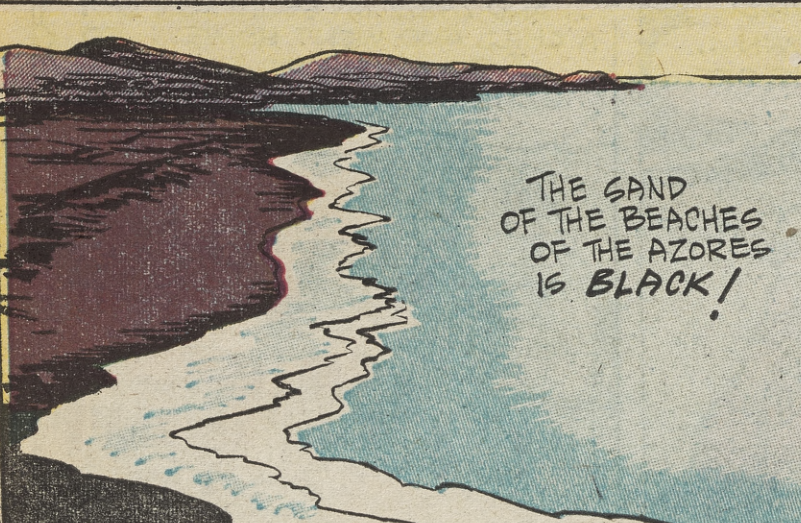

MANY WOMEN HAVE RULED FRANCE -- BUT NOT ONE REIGNED AS A QUEEN! ANCIENT SALIC LAW FORBADE WOMEN TO RULE, YET MANY MOTHERS, WIVES, DAUGHTERS AND FAVORITES WERE THE "POWER BEHIND THE THRONE"

IT IS AGAINST THE LAW TO POSSESS, PLANT, HARVEST OR GIN ANY VARIETY OF COTTON EXCEPT ACALA IN CALIFORNIA'S SAN JOAQUIN VALLEY!

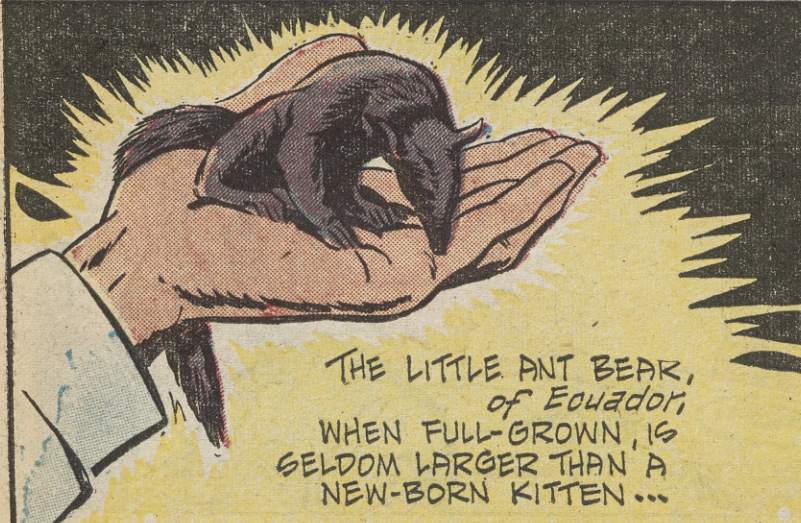

THE ONLY INSECT KNOWN ACTUALLY TO CAPTURE AND KILL A FOUR-FOOTED ANIMAL IS THE AFRICAN LOCUST (*Cyrtoacanthacris rubella*) WHICH FEEDS ON MICE!

WHAT AILS THEE, LITTLE ABDULLAH?

SHALL I GET A DOCTOR?

NO! I MUST LEAVE IMMEDIATELY...

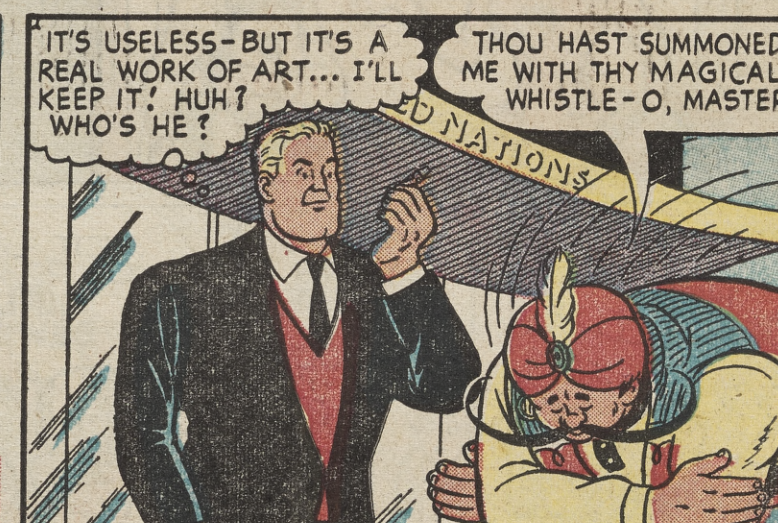

UNITED NATIONS

I CAN'T GET ANY SOUND OUT OF THIS WHISTLE!

IT'S USELESS--BUT IT'S A REAL WORK OF ART... I'LL KEEP IT! HUH? WHO'S HE?

THOU HAST SUMMONED ME WITH THY MAGICAL WHISTLE--O, MASTER!

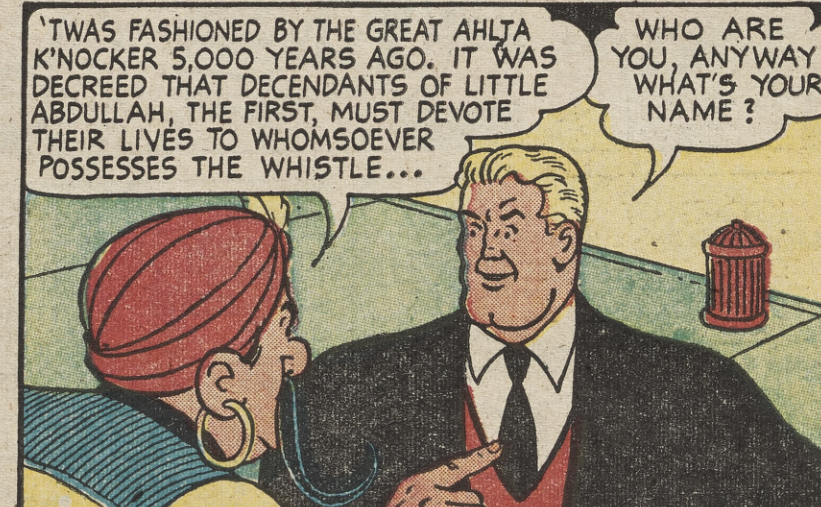

HUH? THIS THING DOESN'T MAKE A SOUND!

THY WHISTLE EMITS ULTRA-SONIC VIBRATIONS... AUDIBLE ONLY TO FIRST-BORN MALE MEMBERS OF MY FAMILY!

'T WAS FASHIONED BY THE GREAT AHLTA K'NOCKER 5,000 YEARS AGO. IT WAS DECREED THAT DECENDANTS OF LITTLE ABDULLAH, THE FIRST, MUST DEVOTE THEIR LIVES TO WHOMSOEVER POSSESSES THE WHISTLE...

WHO ARE YOU, ANYWAY-- WHAT'S YOUR NAME?

I AM LITTLE ABDULLAH, THE 600TH... THY HUMBLE SERVANT FOR LIFE!

NO SALE! I'M GETTING AWAY FROM HERE... TAXI!
